

Dear parents,

SOME EXCITING CHANGES ARE UNDER WAY AT NELLIE GAIL!

From 1st April 2019 our payment structure will be changing. Instead of running term to term over several months we will now be implementing a monthly membership system. There is no long term commitment, however all we ask is 1 months notice if you wish to cancel your membership.

In addition to our new payment schedule, we are also introducing NET GENERATION within our Junior program!

“Net Generation’s mission is to spread the love of tennis to a new generation. Kids who play tennis will be healthier, happier and have a game they can play for life. By capturing the thrill and fun of the game and developing skills on and off the court, we can build the next generation of greats.”

Some of you may already have met our new Director of Junior Tennis, Rogan Egerton, but we felt it was important to ensure you know who will be leading the team and driving the success of the Junior Development Program as we move through 2019. Rogan brings a wealth of knowledge having both played professionally and successfully coached players to the very top of the game, in addition to his proven success in building tennis programs in the UK and here in Southern California. He is excited to bring another level of enthusiasm to the club and his commitment to our Junior Development Program will without doubt, see us go from strength to strength.

As always, should you have questions on any of the above, please reach out to us. We look forward to an exciting Spring season here at Nellie Gail!
